Civil Action No. 09-1494 (PLF)

MEMORANDUM OPINION

On November 15, 2010, the BOP filed its renewed motion for summary judgment.

In its November 17, 2010 Order, the Court advised plaintiff, among other things, of his obligation to file an opposition or other response to the motion. Further, that Order expressly warned plaintiff that, if he failed to file his opposition by December 23, 2010, the Court would treat the motion as conceded. To date, plaintiff neither has filed his opposition, nor has requested more time to do so, nor has notified the Clerk of Court of a change of address. Accordingly, the BOP's motion will be treated as conceded and judgment will be entered for the defendant.

An Order is issued separately.
